Re: Approval of the Targeted Employment Area Application

Dear Mr. Fitzgerald:

The Department of Housing and Community Development (Department) received an application, dated December 29, 2008, requesting the approval of a Targeted Employment Area (TEA) for the Calexico-County Enterprise Zone.

Based on the information provided, the Department has awarded a TEA to the Calexico-County Enterprise Zone. The approved TEA consists of the following census tracts:

119	120	121	122
-----	-----	-----	-----

The effective date for the Targeted Employment Area is retroactive to October 15, 2006. The Targeted Employment Area will remain in effect until 180 days of updated census data becomes available, at which time each local governmental entity of each city and county that has a jurisdiction in the enterprise zone shall approve a new TEA.

To ensure that the Department's website has a complete list of your zone's TEA addresses, please send a list of the addresses using the excel template Lesley James will be sending you via e-mail. Please note that the Department will not post the addresses on its website for your TEA until it receives this list. As you may know, the Franchise Tax Board only accepts TEA addresses listed on the Department's website.

If you have questions, please call Adrienne DiLullo at (916) 324-6758.

Sincerely,

Frank Luera
Section Chief
